I , KiranPandey (26 yrs.) a house wife from Ramgarh, Satna (M.P), my husband left me when I got bilateral cataract & Glaucoma after marriage. Even my parents did not support me for whatever reason. I was all alone and grieved as nobodywas with me in my despair. I suffered a lot in terms of my social as well as my personal life. I was financially deprived and not sufficiently educated to understand the pain I was having. Meanwhile, my uncle came to know about my blindness and he took me to Sadguru Netra Chikitsalaya for surgery and he gave me a helping hand in rectifying the grueling trouble of my life. After, the surgery in both the eyes, now I can see the whole world without any problem and able to earn my bread and butter. My uncle adopted me for life time and now I am planning to do a job in some organization to be self- dependent and to help my family. It's all because of Sadguru Netra Chikitsalaya, where I got my eyes, and my life has been transformed completely.
