

Case story

Rudraksh, a 06 years old boy, is residing in Hardua village, Majhgawan block, Satna district. He is studying in 01st standard in a government school (Primary Vidhayala, Hardua). His father runs a small shop in his village and his mother is a housewife.

His uncle informed that we were not aware about his eye condition, as Rudraksh never told them about the same. His uncle informed that during the school screening being done by

the team of Sadguru Netra Chikitsalaya, Rudraksh was referred to Chitrakoot hospital with a referral card.

After their visit to the hospital and performing detailed examination by the doctors and informed that his child is having hypermetropia with a vision 3/12 in both his eyes since birth. After the examination, counselor informed his uncle that he can again recover his vision with a simple pair of spectacles. This has brought a joy in the face of his uncle as well as Rudraksh.

Now after prescribing the spectacles his vision came to 6/6 with a glass of +1.25D in RE & +1.0D in LE respectively.
