## An approach towards Blindness in District Chitrakoot

“अंधकार से प्रकाश की ओर-चित्रकूट”

Sadguru Netra Chikitsalaya (SNC), Shri Sadguru Seva Sangh Trust (Founded by Param Pujya Shri Ranchhoddasji Maharaj) has emerged as the largest rural eye care organization. More than 100000 cataract surgeries were performed in single financial year of 2012-13, a remarkable feat achieved by any single eye care organization. **Since inception, the organization has treated more than 15 million out-patients and performed more than 1.5 million eye-surgeries.** The concept of making Chitrakoot District a Cataract Backlog Free Zone was being visualized by SNC in collaboration with *Help Me See Inc., USA* since 2012. With this aim, our partnership with District Administration and District Health Society, Chitrakoot, Uttar Pradesh, came in existence in December 2013.

- Trained 735 ASHA/Anganwadi workers and team of SNC in five blocks of Chitrakoot district for doing door to door survey.
- SNC in consultation with district health department formed five teams to conduct outreach screening camps in rural villages
- Total 245 outreach camps were held from 21st January - 31st March 2014 to realize the dream.

District	Chitrakoot
Actual Population	9,90,626

Total Surgeries from 1 <sup>st</sup> April 2013 to 31 <sup>st</sup> March, 2014	8560
Backlog to achieve	1656

Our Commitment towards Eradication of Avoidable Blindness

Shri Sadguru Seva Sangh Trust (SSSST) and Help Me See, Inc. partnership started in November 2011. The partnership aimed towards reducing avoidable blindness with evidence based approach. The guiding philosophy for the partnership is to reach the poorest of the poor in remote rural areas, with best quality of patient care, surgery and 100% follow-up services.

Major achievements of the partnership:

- ✓ Since inception of the project SSSST has performed over 60,000 Cataract Surgery.
- ✓ During 2013-14 SSSST has performed 1,29,545 cataract surgeries among them 53285 Adult Cataract surgeries and 342 Peadiatric Cataract surgeries were done with the support of Help Me See.
- ✓ Earlier follow-up rate for cataract surgery was around 75% and with this initiative SSSST has strengthened its follow-up counseling and methods that resulted in achieving 90% follow-up rate.
- ✓ To monitor the clinical and surgical care standard protocols are in place for patient examination, inpatient care and to ensure surgical quality.
- ✓ A separate cloud based database is managed to record each patient's profile, pre-surgery, post-surgery and follow-up details.
- ✓ With the generous support of Help Me See, Inc. SSSST has successfully implemented Cataract Backlog Free Zone in Chitrakoot District.
- ✓ To provide advanced technological solutions in reaching the poorest of the poor the partnership aims to use GIS/GPS mobile technology in remote rural villages.
